PROJECT UPDATE:

The Colorado Rio Grande Restoration Foundation (CRGRF) staff provided monthly website updates for the Rio Grande Basin Roundtable’s (RGBRT) website, www.rgbrt.org. This included posting meeting notices, minutes and agendas, events and news, and education materials developed by the RGBRT Education Committee.

In addition, CRGRF staff developed, edited and distributed the RGBRT’s December 2023 newsletter. All newsletters are archived at <https://rgbrt.org/articles/>.

Finally, CRGRF staff and the RGBRT Education Committee worked with American Rivers and Video Crafters to develop an informational film on Augmentation in the style of whiteboard illustration. The completed film can be viewed here: https://www.youtube.com/watch?v=6fXEgU_GCW4

Some funding remained in the Video Vignettes task after the whiteboard film was created, so the Education Committee partnered with American Rivers to develop a mini video series focused on educating people outside of the San Luis Valley on the values and importance of the SLV to Colorado. This “What We Stand For Series” films are archived on the RGBRT’s website: <https://www.rgbrt.org/media/>.
