RE: Request for Administration of the Instream Flow Water Rights on Slater Creek between the confluence
of Beaver Creek and USGS Gage # 09255000

DATE: June 27, 2025

On behalf of the Colorado Water Conservation Board, I am requesting administration of the Board's instream flow water right on the following segment of Slater Creek, in Water District 54, to preserve the natural environment to a reasonable degree. Additional information about the specific ISF reach is shown below.

Case No.	Upper Terminus	Lower Terminus	Amount	Appropriation Date	WDID
17CW3030	confl Beaver Creek	USGS Gage # 09255000	16 (10/16 - 03/15) 25 (03/16 - 04/15) 74 (04/16 - 06/30) 25 (07/01 - 07/15) 10 (07/16 - 07/31) 6.5 (08/01 - 09/15) 8.5 (09/16 - 10/15)	1/24/2017	5402008

The SLATER FORK NEAR SLATER, CO gage is located in the ISF reach and demonstrates that flow conditions are below the decreed ISF water right. The Board is requesting administration to ensure that water up to the full decreed amount of this water right is made available based on the priority system. The effective date of this call is June 27, 2025 and the call is to be in effect until the end of the current irrigation year.

Signed:

Lisa Bright-Unger
