1313 Sherman Street, Room 718  
Denver, CO 80203

TO: Bob Hurford, Division Engineer  
Division of Water Resources, Water Division 4

FROM: Lisa Bright-Unger, Stream and Lake Protection Section  
Colorado Water Conservation Board

RE: Request for Administration of the Instream Flow Water Rights on Dallas Creek

DATE: July 29, 2025

On behalf of the Colorado Water Conservation Board, I am requesting administration of the Board's instream flow water right on the following segment of Dallas Creek, in Water District 68, to preserve the natural environment to a reasonable degree. Additional information about the specific ISF reach is shown below.

Case No.	Upper Terminus	Lower Terminus	Amount	Appropriation Date	WDID
98CW0234	confluence of East & West Forks Dallas Creek	confluence of Ridgway Reservoir	9 (10/15 - 4/30) 20 (5/1 - 10/14)	7/13/1998	6801447

The DALLAS CREEK NEAR RIDGWAY, CO, gage (DALRIDCO) is located in the ISF reach and demonstrates that flow conditions are below the decreed ISF water right. The Board is requesting administration to ensure that water up to the full decreed amount of this water right is made available based on the priority system. The effective date of this call is July 29, 2025 and the call is to be in effect until the end of the current irrigation year.

Signed:

*Lisa Bright-Unger*

Lisa Bright-Unger  
Water Resources Specialist  
Stream and Lake Protection Section

CC: Eric Weig, District 68 Water Commissioner
