**RE: Providence Mine 110 Permit**

Dear Mr. Cazier;

Thanks for the discussion this morning regarding the permit. It looks like we are nearly through the issues, and I think we can easily complete the remaining items and have them submitted by the end of next week. I will work from the points of our telephone discussion this morning and will then compare them to the letter that you will email out later today or on Monday. Based on the above assumptions, let's extend the deadline September 20, 2013 to allow you an additional week past my submittal for your review.

I will plan on calling you next week when I get through the last round of comments, and we will discuss my responses to do our best to finish the application with this round.

Sincerely,

BRAUN ENVIRONMENTAL, INC.
