RE: *Loloff Construction, Inc. – Loloff Pit – Technical Revision No. 1 Request,
File No. M-1985-112, Request for Decision Date Extension*

Dear Mr. Hays,

Loloff Construction, Inc. has received the Division's adequacy review comments letter dated September 10, 2013. As a result of the Divisions adequacy review comments, additional information will need to be included in the Technical Revision #1 request for your approval. Because additional information is needed, Loloff Construction Inc. would like to request an extension to the current September 25, 2013 decision date for this Technical Revision request to October 25, 2013. This extension is required for Loloff Construction Inc. to have sufficient time to gather and develop the additional information, and for the Division to review it.

Thank you for your consideration of this decision date extension request. Please feel free to contact me with any questions or comments.

Sincerely,

A handwritten signature in blue ink that reads 'J.C. York'.
