Durango Field Office
Division of Reclamation,
Mining and Safety

Wally,

Rocky Mountain Aggregate & Construction LLC's Special Use Application was denied in the 10/7/2013 BOCC meeting based on issues concerning haul road location, asphalt plant days of operation and the size/life of the permit. All of these issues can be resolved by re-submitting our application which was the recommendation of Commissioner Gary Ellis. Rocky Mountain Aggregate & Construction LLC has already begun to modify plans and seek input from the local neighbors about their concerns regarding Montrose County jurisdictional issues. It is our full intent to follow Commissioner Ellis' recommendation to re-submit our application and continue to seek final approval for our special use permit application.

Thanks,

Zane Luttrell - Manager

Rocky Mountain Aggregate & Construction LLC
