**Re: DOE Lease C-G-26, Prospecting Notice of Intent Permit No. P-2009-027, Request for Release Approval, SL-01**

Dear Mr. White:

The Division of Reclamation, Mining and Safety has received the above referenced Prospecting Notice of Intent release request. The request appears to meet the requirements of Rule 4.16.1. The site was inspected October 3, 2013 and all locations were considered adequately reclaimed. Due to the prospecting area being located on Bureau of Land Management land (BLM) and a Dept. of Energy (DOE) Lease, the Division requires a letter of concurrence from the Grand Junction BLM Field Office and the DOE. DOE/S.M. Stoller staff was present during the inspection on October 3<sup>rd</sup> and found no issues with the reclamation completed at the six drill sites. DOE provided documentation stating no issues were observed. As of today October 17, 2013, the Division is informing Energy Fuels that SL-01 is approved. The bond will be released once the letter of concurrence is received from the BLM.

Per Rule 4.16.1 (4), the financial warranty shall not be held for more than sixty (60) calendar days after the Division finds that the Notice of Intent operator has successfully completed reclamation. Please direct all questions regarding the financial warranty to Barbara Coria, telephone no. (303) 866-3567 ext. 8148.

If you need additional information, please contact me at the Division of Reclamation, Mining and Safety, Grand Junction Field Office, 101 S. 3rd St., Suite 301, Grand Junction, Colorado 81501, telephone no. (970) 241-2042.

Sincerely,

A handwritten signature in black ink, appearing to read "Travis Marshall".

Travis Marshall
