Peter Siegmund
Oldcastle SW Group, Inc.
2273 River Road
Grand Junction, Colorado 81502

Dear Mr. Siegmund:

We received your letter dated October 2, 2013, notifying the Corps of Engineers that you have signed and transferred the Standard Permit for project SPK 2007-02172, North Bank Gravel Pit, from Lafarge NA, Incorporated. We are also aware that Lafarge did not fully impact the wetlands proposed at Mine Cell B, before the permit authorization expired on November 20, 2012. We understand, at some point, you desire to re-apply to the Corps of Engineers for authorization to impact wetlands at Mine Cell B. The project site is located on the Colorado River within Section 12, Township 6 S, Range 93 W, Sixth Principal Meridian, Latitude 39.5408°, Longitude -107.7248°, Garfield County, Colorado.

We acknowledge receipt of this permit transfer information and have updated our administrative files for this project to identify Oldcastle SW as the permit transferee. Please refer to identification number SPK-2007-02172 in any correspondence concerning this project. If you have any questions, please contact me at Colorado West Regulatory Branch, 400 Rood Avenue, Room 224, Grand Junction, Colorado 81501-2563, by email at Mark.A.Gilfillan@usace.army.mil, or telephone at 970-243-1199 x15. For more information regarding our program, please visit our website at www.spk.usace.army.mil/Missions/Regulatory.aspx.

Sincerely,

Original Signed

Mark Gilfillan
Project Manager/Tribal Liaison
