**Re: WSG-Hribar, DRMS Permit No. M-2009-027
Conversion CN-01
Approval**

Dear Mr. Vezzani:

On December 2, 2013 the Division of Reclamation, Mining and Safety approved the Conversion application submitted to the Division on September 26, 2013, addressing the following:

Converting a 110c Permit to a 112c Permit.

The terms of the Conversion CN-01 approved by the Division are hereby incorporated into Permit No. M-2009-027. All other conditions and requirements of Permit No. M-2009-027 remain in full force and effect.

The estimated liability amount of \$50,500.00 exceeds the \$18,200.00 performance bond currently held. If you have not already done so, please submit additional bond in the amount of \$32,300.00. The revision will not be final until the bond is approved by the Division.

If you have any questions, please contact me.

Sincerely,

Tyler V. O'Donnell
Environmental Protection Specialist
