***RE: Hopemore Shaft, File No. M-2013-026, Extension Request***

Dear mr. Czapla

I am asking for a further extension on my application permit review time, for the Hopemore Shaft Property. In response to a interested party ,BLM, I have been working on information they require. Also at this time the property is closed for the winter, which is holding up related issues they have inquired about. I would like the extension review date to be moved to May 15, 2013. I am sorry I have to ask for another extension , but this is somewhat out of my control . I will be working on this through the winter .Thankyou for your patience.

Ay additional questions or information you may need ,please feel free to contact me or phone me at 719, 486-7926

Sincerely'

Robert W.. Calder
