**Re: Thomeczek Pit, DRMS file No. M-1995-007  
Corrective Action Deadline Extension Request  
Approval**

Dear Mr. Gagliano:

On December 26, 2013 the Division of Reclamation, Mining and Safety (Division) received your request for any extension of the corrective action deadlines cited in the Division's February 7, 2013 inspection report. The problems cited in the February 7, 2013 inspection report are for failure to implement weed control methods for a state listed noxious weed species and failure to complete reclamation in a timely manner. The corrective action deadlines for both outstanding problems from the February 7, 2013 inspection report have been extended to June 1, 2014.

If you need additional information please contact me at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215 Denver, CO 80203, by telephone at 303-866-3567 extension 8131, or by email at [tyler.odonnell@state.co.us](mailto:tyler.odonnell@state.co.us).

Sincerely,

Tyler O'Donnell  
Environmental Protection Specialist
