RE: Grand River Park Project; DRMS File No. M-2006-046; Receipt of Corrective Action Documentation

Dear Mr. Mello,

The Division received your above referenced response in regard to the Compliance Problems cited in the report of the inspection conducted on December 12, 2013. The statuses of the corrective actions regarding these problems are as follows:

Compliance Problem 1: The Mine Identification Sign was not posted at the entrance to the mine site.

This problem is considered abated as a result of the Operator's submittal of documentation including photos of new mine identification signs at each entrance.

If you have any questions, please contact me at (970)242-5025

Sincerely,

A handwritten signature in cursive script that reads "Stephanie Mitchell".
