**Re: Bowie No. 2 Mine (Permit No. C-1996-083)**  
**Revision: MR-146**  
**Acreage Correction and Pitkin Mesa Pipeline**

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received a revision for the Bowie No. 2 Mine. The revision was deemed complete on January 24, 2014. The decision due date is February 3, 2014.

Bowie Resources, LLC (BRL) is providing additional information and proposing a reclamation cost estimate for replacement of a portion of the Pitkin Mesa Pipeline, previously approved under Permit Revision No. 12. Replacement of the pipeline section will involve excavation through and partial closure of Stevens Gulch Road.

Additionally, BRL has corrected an acreage discrepancy that occurred with revision approvals of the Gob Pile #2 expansion. Minor Revision No. 146 will add 2.0 acres of disturbance and 0.2 acres of affected area. The corrections from previous revisions will result in a net decrease of 3.8 acres of disturbed area and a net 5.6 acre reduction in the affected area.

This revision application is available for review at the Paonia Public Library, P.O. Box 969, 2 3rd Street, Paonia, CO 81428.
