Dear Mr. and Mrs. Bellemere,

Thank you for submitting your Notice of Intent to conduct prospecting activities on the Blue Dandy, Blue Show, Blue Sky, and Blue Moon unpatented mining claims located in the South Park Ranger District, T71W, R11S, Section 36 in Teller County.

In reviewing your NOI, it has been determined a Plan of Operations is not needed at this time. A POO and a reclamation performance bond will be required for my review and approval if you create significant resource disturbance to surface resources as a result of proposing or doing any of the following:

- Failing to backfill any holes, pits or trenches.
- Cutting any trees
- Using mechanized equipment
- Using roads that are not National Forest System (NFS) roads with mechanized vehicles (including OHV)
- Creating new access routes or roads
- Constructing any structures or facilities
- Placing signage other than mine claim corner post identification
- Do anything that might cause a significant disturbance

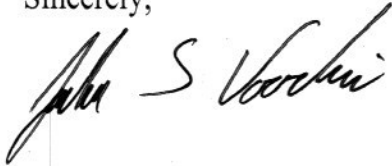

Please note that where not otherwise restricted, it is prohibited to camp more than 28 days within a continuous 60 day period, and/or occupy any campsite for more than 14 days during this 60 day continuous period within three miles of the previous campsite. In addition, Forest Service regulations (36 CFR 261.13), requires vehicles to park in areas immediately adjacent to NFS roads, preferably in areas without vegetation.

Your notice of intent is effective for one calendar year or until December 31, 2014. Please submit a new NOI for any proposed activities after December 31, 2014.

If you have any questions, please contact Marcia Rose-Ritchie, Acting Minerals Administrator, at 404-549-9533 or email her at [mroseritchie@fs.fed.us](mailto:mroseritchie@fs.fed.us).

Sincerely,

A handwritten signature in black ink, appearing to read "Joshua S. Voorhis". The signature is fluid and cursive, with the first name "Joshua" written in a larger, more prominent script than the last name "Voorhis".
