GRAND JUNCTION FIELD OFFICE  
DIVISION OF  
RECLAMATION MINING & SAFETY

**RE: Request for a Corrective Action Deadline Extension, for the Riverside Parkway 111c Permit Number M-2007-005**

Dear Mr. Marshall,

As you know, I attended the site inspection you conducted on November 26, 2013, and I was notified today, via your response to my email inquiry, that an inspection report was mailed out on December 6, 2013. A copy of the inspection report was included in your response to my email. The report specifies a corrective action must be taken by January 31, 2014, which is today. The required corrective action is to submit a Technical Revision to update the reclamation plan.

Your December 6<sup>th</sup> inspection report was not received by me, or the City's Public Works Department. I noticed that the inspection report lists an incorrect address for me as the inspection contact. I request that my contact information be corrected to reflect this mailing address:

D. Paul Jagim  
City of Grand Junction  
Attn: Public Works Department  
250 N. 5<sup>th</sup> Street  
Grand Junction, CO 81501

We have been receiving correspondence from the Division at the 5<sup>th</sup> Street address listed above, such as our Annual Fee Invoice and Report Requests, and the Financial Warranty Release Denial letter from you, dated June 30, 2010.

I would like to request that an extension be granted to the corrective action deadline, allowing us time to prepare a Technical Revision. I have consulted the Division's web site to try and locate an Extension Request form, but could not find one. Please let me know if I need to follow up this letter with a specific Extension Request form. Thank you for your consideration of this request. Please feel free to contact me at (970) 244-1542, or [pauli@gjcity.org](mailto:pauli@gjcity.org).

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Paul Jagim".
