Re: Energy Fuels Resources (USA) Inc.'s Van 4 Shaft Monogram Mesa Stormwater Annual Report – Metal Mining COR-040248

Ms. Rosow:

Enclosed is the 2013 annual report for Energy Fuels Resources (USA) Inc.'s ("EFRI") Van 4 Shaft Monogram Mesa (the "Mine") Stormwater Discharge Permit COR-040248.

The Mine is located in an arid climate where very little runoff of sufficient quantity can be collected and the occurrence of a discharge is extremely rare. EFRI maintains sampling equipment and has Mine Compliance Technicians prepared to take a sample in the event of a heavy enough rainfall to collect a sample; however, no stormwater sampling was conducted in 2013.

If you have any questions or comments, please do not hesitate to contact me at 303-389-4167.

Yours very truly,
