**DIVISION OF RECLAMATION
MINING AND SAFETY**

February 27, 2014

Mr. Eric Scott
Environmental Protection Specialist
Division of Reclamation, Mining, and Safety
1313 Sherman Street, Room 215
Denver, CO 80203

re: Bestway Concrete Company, The Shores Permit No. M-1998-013

Dear Mr. Scott:

The Town of Firestone is in receipt of the notice to amend the above mentioned gravel mining permit for The Shores pit located in the corporate limits of the Town of Firestone. The Town of Firestone has no objections to any amendment so long as historic drainage patterns are preserved or enhanced. The proposed addition to the mining plan is currently located with a FEMA floodplain so the applicant will be required to secure a Floodplain Development Permit from the Town of Firestone prior to starting any mining activity.

Please feel free to contact us if you should have any questions or require any additional information.

Sincerely,

Wesley LaVanchy
Town Manager
