NOTICE OF PROPOSED DECISION

The Colorado Division of Reclamation, Mining and Safety proposes to Approve Technical Revision Application No. 57 (TR-57) for the Bowie No. 1 Mine (Permit No. C-1981-038), submitted by Bowie Resources, LLC. Bowie Resources, LLC is requesting that the requirement for subsidence monitoring at the Bowie No. 1 Mine above the Pitkin Mesa Pipeline be suspended. Mining was performed under the water line in 1992 and 1993. Seven subsidence monuments have been monitored since 1992. The monuments are located on private surface land.

The Bowie No. 1 Mine is an Underground coal mine located in Delta County, approximately 3 miles N of Paonia. Coal interest is Federal and private, and the surface affected is Federal and private land. The permit area encompasses approximately 5,431.00 acres.

This proposed decision is based on a finding that the proposed operation will comply with all requirements of the Colorado Surface Coal Mining Reclamation Act, Section 34-33-101, *et seq.*, C.R.S., and the regulations promulgated thereunder.

Copies of the proposed decision, including stipulations, are on file for public inspection at the Colorado Division of Reclamation, Mining and Safety, Room 215, Centennial Building, 1313 Sherman Street, Denver, Colorado 80203. Persons with an interest that may be adversely affected by the proposed decision may request a formal hearing before the Mined Land Reclamation Board on the proposed decision. Such request must be made within ten (10) days of the initial publication of this notice, must be in writing, and must state with reasonable specificity the reasons for the request and the objections to the proposed decision.
