Re: Request for Reclamation Bond Release, Notice of Intent (NOI) No. P-2008-059, Tenderfoot Mesa, Notice of Complete Request

Mr. White:

On March 28, 2014, the Division of Reclamation, Mining and Safety received your request for reclamation bond release for the Tenderfoot Mesa prospecting project. The original decision date of May 1, 2014 will not be met due to weather and ground conditions that currently exist at the site, the Division is unable to inspect your site to determine the success of reclamation within the 30-day time limit. As provided in Rule 7.7(1)(a), the Division will complete the inspection as soon as weather and ground conditions permit.

Please be advised that if the final inspection occurs after the anniversary date of your permit, your annual fee will be due and payable.

Your continued cooperation and understanding is appreciated. If you have any questions regarding this matter please call me at (970) 241-2042.

Sincerely,

A handwritten signature in black ink, appearing to read "Travis Marshall", written over a horizontal line.
