**Re: Peabody Sage Creek Mine (Permit No. C-2009-087)
Permit Revision Application No. 1 (PR-1)
CM Extension and Longwall Mining.**

Dear Routt County Planning Department:

The Division of Reclamation, Mining and Safety hereby issues notice, in accordance with Title 34, Article 33, Section 118, Paragraph 3, of the Colorado Revised Statutes, that on April 17, 2014, a permit revision application for a permit to conduct coal mining operations, Permit No. C-2009-087 by Peabody Sage Creek Mining, LLC, was considered complete for the purposes of filing. All review and comment periods as provided in the Colorado Surface Coal Mining Reclamation Act and the Rules and Regulations of the Colorado Mined Land Reclamation Board for Coal Mining initiate from this date of filing.

Permit Revision No. 1 proposes a modification to the currently approved Peabody Sage Creek Mining Permit No. C-2009-087 mine plan that includes the implementation of longwall mining methods for coal extraction. The development of panels for longwall mining will require an expansion to the existing approved permit area boundary and will overlay the existing Foidel Creek Mine permit boundary, by approximately 400 acres in Section 22 & 23 of T5N R87W. No additional surface facilities are included in this revision.

The Underground coal mining operation is located approximately 9 miles Southeast of Hayden. The permit area is further described as follows:

Township 5 North, Range 87 West, all or portions of Sections 1, 2, 3, 4, 5, 8, 9, 10, 11, 12, 13, 14, 15, 16, 21 and 22; Township 6 North, Range 87 West, all or portions of Sections 27, 28, 29, 32, 33, 34, 35 and 36

Approximately 9 miles south and east of the town of Hayden, CO to the East of Routt County Road 27 at an approximate elevation of 6800 feet AMSL Mount Harris/Milner Quadrangle Map

The above-mentioned tracts of land are shown on the following USGS 7.5 minute Quadrangle map(s): Mount Harris.

A copy of the revision application is available for public inspection at the Routt County Clerk and Recorder, P.O. Box 773598, Steamboat Springs, CO 80477. For additional information, to provide written comments, or request an informal conference, contact the Division of Reclamation, Mining and Safety, Room 215, 1313 Sherman Street, Denver, Colorado 80203, (303) 866-3567, within thirty days after the last public notice in the *Steamboat Pilot*.
