RECEIVED

MAY 01 2014
GRAND JUNCTION FIELD OFFICE
DIVISION OF
RECLAMATION MINING & SAFETY

RE: Delta County, North Road Pit Application, File No. M-2014-009.

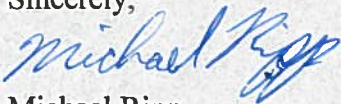

Dear Mr. Czapla:

This letter is the response to the concerns raised by the Colorado Parks and Wildlife letter dated April 7, 2014 regarding this application. All the land area anticipated to be disturbed by this operation has been previously disturbed by human activity, either for mining or agricultural purposes. The reclamation plan calls for revegetation with native species as recommended by CPW. Noxious weed control is already part of the mining and reclamation plans and will be carried out according to the County weed control plan. No change in the existing fencing is anticipated. This pit will not create a pond.

I have also included proof of publication and notice to property owners as well as all the required waivers except Upper Surface Creek Water, which owns the domestic water line along North Road. We expect to have that waiver to you soon.

Please let me know if there is any additional information needed for this application.
Thank you for your assistance in this matter.

Sincerely,

Michael Ripp
