NOTICE OF PROPOSED DECISION

The Colorado Division of Reclamation, Mining and Safety proposes to approve Permit Renewal Application No. 4 (RN-4), submitted by Oakridge Energy, Inc. for a coal mining permit at the Carbon Junction Mine (Permit No. C-1992-080). The proposed renewal will allow for continued reclamation operations at the site.

The Carbon Junction Mine is a surface operation located in La Plata County, approximately 2 miles Southeast of Durango, Colorado. Coal interest is private, and the surface to be affected is private land. The permit area encompasses approximately 164.19 acres.

This proposed decision is based on a finding that the proposed operation will comply with all requirements of the Colorado Surface Coal Mining Reclamation Act, Section 34-33-101 *et seq.*, C.R.S., and the regulations promulgated thereunder.

A copy of the "Proposed Decision and Findings of Compliance", including any stipulations, is on file for public inspection at the Colorado Division of Reclamation, Mining and Safety, Room 215 Centennial Building, 1313 Sherman Street, Denver, Colorado 80203, and at the La Plata County Clerk and Recorder, 98 Everett Street, Suite C, Durango, CO 81303; . Persons with an interest that may be adversely affected by the proposed decision may request a formal hearing before the Mined Land Reclamation Board on the proposed decision. Such request must be made within thirty (30) days of the initial publication of this notice, must be in writing, and must state with reasonable specificity the reasons for the request and the objections to the proposed decision.
