Technical Revision No. 36 (TR-36)
Permit Renewal (RN-6) and Mid-Term (MT-6) Updates and Revisions.**

Dear Mr. Nettleton:

We have received your application for a technical revision to your permit to conduct coal mining in Colorado. Our initial review indicates that all preliminary items required by Rule 2.08.4(5) have not been submitted. Thus, your application is incomplete for the purposes of filing as of May 12, 2014.

The technical revision application form submitted identifies the wrong permit number and permittee. Please submit a revision form with the correct information.

In accordance with Rule 2.07.3(1), you have the opportunity to amend, review, or otherwise make your application complete.

If you have any questions, please contact me.

Sincerely,
