Re: Request for Extension of Approval Date for JD-6 Mine Drainage Design Plan,
Permit No. M-1977-310

Dear Ms. Mitchell:

Cotter Corporation (N.S.L.) ("Cotter") is requesting an extension of the approval date for the final configuration of the Drainage Design Plan for the JD-6 Mine Permit Amendment, Permit No. M-1977-310, from May 15, 2014 until June 16, 2014. This should allow the Colorado Division of Reclamation, Mining and Safety adequate time to review the forthcoming Response to Adequacy Review for the JD-6 Drainage Design Plan.

If you have further questions regarding this request, please call me at Cotter's Nucla office, 970-864-7347.

Respectfully,

A handwritten signature in black ink that reads "Glen Williams".

Glen Williams
Vice President, Mining Operations
