

Public Notice

The Division of Reclamation, Mining and Safety, in accordance with Title 34, Article 33, of the Colorado Revised Statutes, hereby issues notice that on June 18, 2014, a minor revision application (MR-25) to the Peabody Sage Creek Mine, Permit No. C-2009-087, operated by Peabody Sage Creek Mining, LLC, P.O. Box 250, Hayden, CO 81639-0250 was considered complete for the purposes of filing. Minor Revision No.25 proposes to update the C-2009-087 permit with information describing a CDRMS Inactive Mines Program project within the current Peabody Sage Creek Mine boundary. Staging, construction of a temporary road, and a portion of the drainage repair will occur within the existing Peabody Sage Creek Mine permit boundary in an area outside of the approved disturbance.

Peabody Sage Creek Mining, LLC (PSCM) is requesting approval of a Minor Revision to incorporate text describing the cooperative efforts between PSCM and the Colorado Division of Reclamation, Mining, and Safety - Inactive Mines Program (CDRMS-IMP) to remediate and repair a pre-law drainage which has down-cut into the formation of a deep gully within the drainage channel. Staging, construction of a temporary road, and a portion of the drainage repair will occur within the existing Peabody Sage Creek Mine permit boundary in an area outside of the approved disturbance. Minor Revision No. 25 has been submitted at the request of the CDRMS, to provide historic documentation relative to the origin, remediation activities, and status of the IMP project. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance. All reviews and comment periods as provided in the Act and Regulations promulgated thereunder initiate from this date of filing.
