**Revision: MR-154**  
**Trailer Mounted Filter Press**

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on July 1, 2014.

Bowie Resources, LLC (BRL) is proposing to place a temporary, trailer mounted filter press near the wash plant to function as a secondary filter for the wash plant. The required reclamation performance bond will be increased to cover the costs of removing the filter press. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision, Permit Renewal, Technical Revision, or Bond Release application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428. Minor Revision application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,
