112 Construction Materials Reclamation Permit Amendment Application AM-06  
Approval of Extension Request**

Dear Mr. Thomson:

As requested in your email that we received on July 3, 2014, The Division of Reclamation, Mining and safety (Division/DRMS) approves your request to extend the decision deadline for the above-referenced application. The new deadline is September 12, 2014.

If you are unable to provide satisfactory responses to any inadequacies prior to the new deadline, **it will be your responsibility to request an extension of time to allow for continued review of this application.** If there are still unresolved issues when the decision date arrives and no extension has been requested, the application will be denied.

Please be advised that the decision deadline cannot be extended beyond April 14, 2015, based on the maximum 365-day extension limit specified in Rule 1.4.1(9). (The application was found complete on April 14, 2014.) After April 14, 2015, the DRMS may set the matter for a Board hearing in which the Board may deny or approve the application, with or without conditions.

If you need additional information please contact me at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203, by telephone at 303-866-3567, extension 8131, or by email at [Tyler.ODonnell@state.co.us](mailto:Tyler.ODonnell@state.co.us).
