RE: Response to Inspection Report, Gallegos Pit, Permit No. M-1983-164

Dear Mr. Gallegos:

On July 8, 2014, the Division received your correspondence, dated July 3, 2014, written in response to the Division's recent inspection report for the above referenced site. In that correspondence, you indicated a general disagreement with the inspection report topics and requested an opportunity to further discuss with Division staff. In your correspondence you provided two phone numbers, (719) 843-5113 and (719) 580-5113, whereby Division staff could contact you.

I have left a voice message at (719) 843-5113. However, when I called (719) 580-5113, I was informed the phone number was no longer valid for George Gallegos. Therefore, I procured another phone number for you, (719) 843-0715, from your most recent annual report and left a voice message on that phone as well.

Therefore, the Division is attempting to contact you in response to your request. Please note the 60-day corrective action deadlines for the compliance problems noted in the inspection report are rapidly approaching.

Please contact me at the Division's office in Durango at 691 County Road 233, Suite A-2, Durango, Colorado, phone (970) 247-5469, or email wally.erickson@state.co.us, to discuss the details of your concerns.

Sincerely,

Wallace H. Erickson
Environmental Protection Specialist
