**Re:   Bowie No. 2 Mine (Permit No. C-1996-083)**  
**Revision: MR-156**  
**Culvert C-12 Concrete Drop Structure**

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on July 24, 2014.

Bowie Resources, LLC (BRL) is proposing to install a concrete drop inlet structure at the inlet to Culvert C-12, located in Ditch C-24 below the mine office. The structure is intended to assist in maintaining the structural integrity of the ditch and prevent sediment from blocking the culvert entrance. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision, Permit Renewal, Technical Revision, or Bond Release application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428. Minor Revision application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink that reads "Susan Burgmaier". The script is cursive and fluid, with the first name "Susan" and last name "Burgmaier" clearly legible.
