**Re: Lamar East Pit, DRMS Permit No. M-1977-572, Technical Revision Application (TR-04)
Incompleteness and Adequacy Review-01**

Mr. Sutherland,

On July 15, 2014, the Division of Reclamation, Mining and Safety (Division) received your Technical Revision request (**TR-04**) for the Lamar East Pit, DRMS Permit No. **M-1977-572**, which is located in Prowers County. The revision requested addresses the following item(s):

Add 'recreation' to post-mining land use and update reclamation plan map.

Preliminary review of the information received determined that the following item(s) must be received before the Division can consider your revision request as being submitted:

The Division did not receive the \$216.00 fee.

Please submit the requested item(s) by the decision due date **September 06, 2014**, or your revision request will be denied and need to be re-submitted.

Additionally, the Division reviewed your submittal for adequacy and has the following comments:

The Request for Technical Revision (TR) Cover Sheet should include in the description:

- 1.) "Add 'recreation' to post-mining land use and update reclamation plan map"

The map submitted with this revision should include:

- 1.) the title "Reclamation Plan Map"
- 2.) the permit number and site name
- 3.) average thickness of replaced overburden or topsoil in reclaimed areas
- 4.) slope gradients of reclaimed slopes

This concludes the Division's preliminary adequacy review of this application. If you are unable to provide satisfactory responses to any inadequacies prior to September 06, 2014, it will be your responsibility to request an extension of time to allow for continued review of this application.
