Re: Notice of 112 Construction Materials Reclamation Permit Amendment Application
Consideration Western Slope Aggregates, Inc. Blue Pit, Permit No. M-1981-207 (SHPO Project
#66326)

Dear Ms. Mitchell:

Thank you for your correspondence dated July 18, 2014 (received by our office on July 23, 2014)
regarding the subject project.

A search of the Colorado Cultural Resource Inventory database indicated that no cultural resource
inventories have taken place in the vicinity of the proposed project area and no historic properties
have been recorded within the subject property. However, our files contain incomplete information
for this area, as most of Colorado has not been inventoried for cultural resources. As a result, there is
the possibility that as yet unidentified cultural resources exist within the proposed project area.

Should human remains be discovered during the proposed project activities, the requirements under
State law C.R.S. 24-80 (part 13) apply and must be followed.

Thank you for the opportunity to comment. If we may be of further assistance, please contact Todd
McMahon, Staff Archaeologist at (303) 866-4607/ todd.mcmahon@state.co.us or Dan Corson,
Intergovernmental Services Director at (303) 866-2673/ dan.corson@state.co.us.

Sincerely,

for Edward C. Nichols
