Re: Bowie No. 2 Mine (Permit No. C-1996-083)
Revision: TR-92
Alternate Lining for Ditch J-11

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on September 8, 2014.

Bowie Resources, LLC (BRL) is seeking approval for an alternate lining for Ditch J-11 at Gob Pile #3. The currently approved design requires rip rap to ensure channel stability; BRL is proposing to install a half culvert instead of rip rap. The reclamation performance bond will be increased to include removal costs for the half culvert. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision, Permit Renewal, Technical Revision, or Bond Release application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428. Minor Revision application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink that reads "Susan Burgmaier". The script is cursive and fluid, with the first name "Susan" and last name "Burgmaier" clearly legible.
