The Division of Reclamation, Mining and Safety, in accordance with Title 34, Article 33, of the Colorado Revised Statutes, hereby issues notice that on September 10, 2014, a minor revision application (MR-161) to the Bowie No. 2 Mine, Permit No. C-1996-083, operated by Bowie Resources, LLC, P.O. Box 483, Paonia, CO 81428 was considered complete for the purposes of filing. Bowie Resources, LLC (BRL) is proposing to install two temporary culverts near Topsoil Stockpiles "D" and "E" to allow for equipment crossing during reclamation of Gob Piles #1 and #4. BRL has also requested relief from the requirement to pock the replaced topsoil on Gob Piles #1, #2, and #4. This will ensure that limited topsoil resources are not contaminated by subsoil material. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance. All reviews and comment periods as provided in the Act and Regulations promulgated thereunder initiate from this date of filing.
