RE: Request for 60 day extension for Financial Warranty Compliance Increase M-1994-108, Cedar Point

To whom it may concern,

Financial warranty for the amendment in the amount of \$35,513.00 is in the process of being added by Vectra Bank which was signed for as a CD but the actual paper work isn't completed as of yet. The balance of \$74,757.00 will be completed in a third party bonding by Oldcastle Materials Group which I am to meet to discuss reclamation according to their contract. In an accompanying E-mail Pete Siegmund of Oldcastle Group would not be able to meet before the deadline, therefore a request for time extension to allow for a meeting date and completion of documentation for the financial warranty.

Thank you,

Rickey F. Noland
Noland, Inc.

\$64,629.51 RFIN
corrected amount

Pete,

I would like to remind you of the dead line for posting the bonding needs to occur before September 25th. If an extension is needed I can request one. Of the \$100,142.51, the amount of \$35,513.00 is ours for the amendment with the balance of \$64,629.51 for the ground disturbed within the new amended pit. According to the mine plan any additional acreage disturbed was to have the same amount reclaimed before proceeding, it hasn't occurred there for the increase.

Thank you,

Rick Noland
