**Re: Trapper Mine (Permit No. C-1981-010)
Bond Release Application No. 16 (SL-16)**

Dear Ms. Maiolo:

Trapper Mining, Inc. has applied for a bond release at the Trapper Mine. The bond release application was found complete by this Division on October 2, 2014. The SL16 Phase II bond release request is for 277.8 acres of land reclaimed in Ashmore, East Flintlock (Z), Flintlock and Kimber pits. The surface ownership is state and private, and the coal mined was federal, state and private.

We will contact you to advise you of the Division's required bond release inspection of the site as soon as it has been scheduled. A proposed decision on the application will be issued within sixty (60) days of our inspection.

If you have questions or need additional information, please contact me.

Sincerely,

Jared L. Ebert
