**Re: *Craig Pit, DRMS Permit M-1976-027, Withdrawal of Reason to Believe Letter  
Fee required to process Temporary Cessation Submittal***

Dear Mr. Peabody,

The Division of Reclamation, Mining and Safety (Division) received and reviewed Skanska's Financial Warranty Increase documentation. The documentation is considered complete therefore the Division is withdrawing the Notice of Possible Violation sent on October 8, 2014. Thank you for your attention to this matter.

A review by staff of the Temporary Cessation (TC) Notice submitted by Skanska indicates that the required fee of \$144.00 was not enclosed although the form had indicated otherwise. With the posting of the financial warranty increase the Division can begin the process of placing the site into TC once the fee has been received.
