To whom it may concern,

My name is Sandi Cunningham. I am the acting agent for John Avery, Luke the Duke, LLC regarding the "Reclamation Only Permit" for Luke the Duke Gravel Pit located at 787 County Road 120.

As you may or may not be aware, the Division of Reclamation, Mining and Safety Division has issued a Reclamation Only Permit to Luke the Duke, LLC to reclaim the two excavation pits located on Mr. Avery's property. Per the Permit there will be no further excavation allowed on the site. It is Mr. Avery's goal to remove the existing stockpiled gravel, of which a portion will be used to improve Equestrian Trails Drive. Once this has been completed, the necessary dirt work will begin to reclaim the open pits to natural grade with the planting of the dry land pasture grasses to follow. As a part of this Reclamation process, the Division of Reclamation, Mining and Safety is requiring Mr. Avery to enter into a Damage Compensation Agreement with you, regarding an existing road known as Equestrian Trail Drive that is located within 200 feet of the pit area. With this agreement in place, should any damage occur to the existing roadway during the Reclamation process, Mr. Avery would be liable for any repairs.

I have enclosed the necessary form for your signature, should you decide to enter into this agreement with Mr. Avery. Your signature will need to be notarized and you can return the form to me in the enclosed envelope.

Should you have any questions regarding this agreement, please feel free to contact me at 588-3459.

Sincerely,

*Sandi Cunningham*

### Structure Agreement

This letter has been provided to you as the owner of a structure on or within two hundred (200) feet of a proposed mine site. The State of Colorado, Division of Reclamation, Mining and Safety ("Division") requires that where a mining operation will adversely affect the stability of any significant, valuable and permanent man-made structure located within two hundred (200) feet of the affected land, the Applicant shall either:

- a) Provide a notarized agreement between the Applicant and the Person(s) having an interest in the structure, that the Applicant is to provide compensation for any damage to the structure; or
- b) Where such an agreement cannot be reached, the Applicant shall provide an appropriate engineering evaluation that demonstrates that such structure shall not be damaged by activities occurring at the mining operation; or
- c) Where such structure is a utility, the Applicant may supply a notarized letter, on utility letterhead, from the owner(s) of the utility that the mining and reclamation activities, as proposed, will have "no negative effect" on their utility. ( *Construction Materials Rule 6.3.12 and Rule 6.4.19 & Hard Rock/Metal Mining Rule 6.3.12 and Rule 6.4.20*)
