Re: Bowie No. 2 Mine (Permit No. C-1996-083)
Revision: TR-95
Borrow Area West of Gob Pile #3

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on November 4, 2014.

Bowie Resources, LLC is proposing to create a borrow area west of Gob Pile #3. The material generated from the proposed borrow area will be mixed with wet refuse material to better achieve optimum moisture conditions for compaction. The reclamation performance bond will be increased to cover the costs of reclaiming the borrow area disturbance. The proposed borrow area will be constructed within an area currently approved to be disturbed. The applicant is not proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision, Permit Renewal, or Technical Revision application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428. Minor Revision and Surety Release application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in blue ink that reads "Susan Burgmaier". The script is cursive and fluid, with the first name "Susan" and last name "Burgmaier" clearly legible.
