Re: Spor Pit, Permit M-1995-038, Succession of Operators Approval, Revision SO-4 ✓

Dear Ernest Marolf:

On October 22, 2014, the Division of Reclamation, Mining and Safety approved the succession of operators from Haldorson and Sons, Inc. to Mountain View Enterprises Limited Liability Co for this operation. Mountain View Enterprises Limited Liability Co is now the permitted operator of the Spor Pit, and as such, is responsible for all provisions in M-1995-038, as well as those specified in the Rules and Regulations. Haldorson and Sons, Inc. is relieved of all responsibilities concerning this operation.

Please Note:

1. All of the application materials, as amended and supplemented, are in integral part of your permit. They have been incorporated into the permit by reference. We presume that you have a copy of all of these materials; therefore, none have been enclosed with this mailing. We suggest that you keep a copy of the permit and the permit application at the mining operation as a reference for operation personnel, to help ensure compliance with the terms of the permit.
2. Changes in the mining and reclamation operations that differ from those described in the permit may require a modification to the permit. We suggest consulting the Rules and Regulations and/or contacting us to determine if a modification to the permit is necessary. Rule 1.10 pertains to Amendments, Rule 1.9 to Technical Revisions, and Rule 1.11 to Conversions.
3. On your permit anniversary date each year, you must submit an annual fee and annual report to us. Please consult the Rules, Act, and your permit for specific requirements.

The estimated liability amount of \$21,369.29 for Spor Pit has been provided by Financial Warranty Letter of Credit No 2035, issued by The Citizens State Bank of Ouray.

The transfer of this permit does not result in the transfer of any other permits or licenses, with this Division, the State, or Federal Agency, which might be associated with this operation.

If you have any questions, contact me.

Sincerely,
