Bill Rodman
3613 W. F Street
Greeley, Colorado 80631

Dear Mr. Rodman:

I am writing this to follow up on your recent communication with Bill Schenderlein, our consultant who has been monitoring groundwater levels on your and other nearby landowner's property. It is my understanding from Mr. Schenderlein that you will no longer allow him on your property to continue his monitoring efforts. If this is correct, we would ask you to reconsider because collecting background groundwater level data is necessary to determine impacts from mining operations and to determine whether potential mitigation may be needed. Thank you for your consideration.

As always, please feel free to contact me with any questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Jim Hall".

Jim Hall, P.E.
Water Rights Manager
