Dear Ms. Eschberger,

Regarding weed control as noted in the Division inspection report, please find the attached letter from the property owner requesting herbicide not be used as weed management practice. Cattle graze concurrently with mining. The operator will make every effort to control noxious weeds without applying herbicide.

Angela M. Bellantoni Ph.D.

DIVISION OF RECLAMATION
MINING AND SAFETY

To Whom It May Concern:

In regard to the above referenced pit, please be advised that the area is utilized for grazing by our cattle and we request that the pit acres NOT be sprayed for weeds.

Sincerely,

Charles & Gail Zimmerman
