Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on November 18, 2014.

Bowie Resources, LLC is proposing to construct a light use road to allow safe access to existing gob vent boreholes. There will be 1.22 acres of new disturbance, and an increase in the reclamation liability and performance bond. The applicant is proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision, Permit Renewal, or Technical Revision application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428. Minor Revision and Surety Release application materials are available for review at the Division's Denver office.

If you have any questions, please contact me.

Sincerely,
