REQUEST FOR FULL OR PARTIAL RELEASE OF PERMIT AREA

Please indicate if you are requesting:

FULL/FINAL RELEASE OF ENTIRE PERMITTED AREA ☐

ACREAGE REDUCTION (PARTIAL RELEASE) ☒

If you are requesting an acreage reduction, you will need to specify how many acres you wish to remove from the existing permit under this revision. I wish to release 31.60 acres at this time.

You will also need to submit updated mining and reclamation plan maps that accurately depict both the proposed acreage to be released from the current permit area, and the resulting new permit boundary.

RE: Rocky Ford South Pit, Permit No. M-1977-222
Request to Reduce Permitted Acres

AR-01

Dear Ms. Eschberger,

All-Rite Paving & Redi-Mix Inc. (All-Rite) submits this request to reduce total permitted acres in the above referenced mining permit from 255.28 acres to 223.68 acres.

Two maps are provided based on a survey performed in August 2014: an aerial map and a USGS topographic map. Two areas, Removal 1 area and Removal 2 area, are being requested for removal. The area outlined in blue is the current permit boundary. The area outlined in red is the proposed permit boundary.

Removal 1 area was a permit amendment by the previous operator approved in 1985. The area was not mined by the previous operator. All-Rite does not have a right to enter the property from Betty Jean Baker, Todd Baker and Donald Gause, the property owners. All-Rite requests removal of 11.6 acres from the permit boundary.

Removal 2 area contains structures that were constructed by the property owner after the permit was approved in 1977. Gail Zimmerman, the property owner, delineated the area for removal to allow for the intended use of the structures. All-Rite requests removal of 20 acres from the permit boundary containing the residence and agricultural buildings.
