Bond Release Application No. 7 (SL-7)**

Dear Mr. Moline:

We have received your application for bond release at the Keenesburg Strip Mine. Our initial review indicates that all preliminary items required by Rule 3.03.2(1) have not been submitted. Thus, your application is incomplete for the purposes of filing as of December 17, 2014.

The SL7 application did not include copies of the written notices required by Rule 3.03.2(1) for the following entities: Panenergy Field Services, Inc. an adjoining property owner, appropriate local government bodies, municipalities, regional planning commissions, boards of county commissioners, county planning agencies, sewage and water treatment authorities, and water conservancy and water conservation districts in the locality of the Keenesburg Strip Mine.

The required proof of publication of the advertisement placed in a newspaper of general circulation in the locality of the Keenesburg Strip Mine must be submitted to the Division in accordance with Rules 3.03.2(1)(b) and (d).

In accordance with Rule 3.03.2(1)(d), you have the opportunity to amend, review, or otherwise make your application complete.

If you have any questions, please contact me.
