Re: Del Norte West Valley Pit, Acreage Reduction Approval, Permit No. M-2001-069, Revision No. AR-1

Dear Mr. Stockebrand,

On November 21, 2014, the Colorado Division of Reclamation, Mining and Safety approved your request for release of a portion of the permit area from further reclamation responsibility.

No reduction of the bond was requested and the bond amount was not recalculated at this time.

The permit area was reduced to 44.74 acres, through the release of 21.8 acres in this permit action. Because the permit is not totally released, the 112 permit is still active, and you are still liable for filing annual reports and fees.

If you have any questions, please contact me in Durango at 970-247-5193, or by email at:
bob.oswald@state.co.us.

The Division appreciates the successful reclamation work you carried out. I hope you have a happy holiday season.

Sincerely,

Bob Oswald
Environmental Protection Specialist
