Denver, CO 80202

RECEIVED

FEB 05 2015

DIVISION OF RECLAMATION,  
MINING AND SAFETY

**Re: New Hardrock NOI Application  
Fortune Revenue Silver Mines, Inc.**

This new NOI is a replacement for two (2) NOI's that currently exist in the area. The first is P-2011-030 and the second is P-2013-006. These two NOI's were undertaken by Silver Star Resources and all drill holes that were drilled for both of the exploration projects have been completed and have been plugged and reclaimed. This NOI covers the remaining work for reclamation of the two previous NOI's.

This work consists of removing plywood debris at one location in Governor Basin, doing 850 cy of re-grading at the drill pad sites and one road cut, as well as some topsoiling on 0.2 acres, using what material is available on site. Seeding of the area will then be undertaken. No new exploration work will be performed for this new NOI.

We believe that the bond has already been estimated for this remaining work, which is \$4,816.79 from the 2011 NOI and \$3,009.82 for the 2013 NOI, therefore the bond for this NOI is \$7,826.61.

If you require additional information or if you have any questions, please do not hesitate to contact me at (250) 320-2919 or email: [dstoopnikoff@fortuneminerals.com](mailto:dstoopnikoff@fortuneminerals.com)

Best regards,

Dianna Stoopnikoff  
Environmental Relationships Manager

New NOI

☐

Modification to an Existing NOI

NOI#

P- - (Provide for Modifications to an existing NOI)

#### GENERAL OPERATION INFORMATION

Type or print clearly, in the space provided, ALL information described below.

#### I. GENERAL INFORMATION

1. **DATE NOI RECEIVED BY THE DIVISION:** \_\_\_\_\_ (office use only)

2. **PROJECT NAME:** Revenue Mine 2015 NOI

3. **PROSPECTOR:**

Name: Dianna Stoopnikoff

Title: Environmental Manager

Company Name: Fortune Revenue Silver Mines, Inc.

Street: 1900 Main Street

P.O. Box: 564

City: Ouray

State: Colorado

Zip Code: 81427

Telephone Number: (250) 320-2919

Fax Number: (970) 325-9824

**PERSON MLRB SHOULD CONTACT:**

Name: Dianna Stoopnikoff

Title: Environmental Manager

Company Name: Fortune Revenue Silver Mines, Inc.

Street: 1900 Main Street

P.O. Box: 564

City: Ouray

State: CO

Zip Code: 81427

Telephone Number: (250) 320-2919

Fax Number: (970) 325-9824

4. **APPLICATION FEE: \$86.** (NOIs and modifications require an \$86 fee which must accompany this notice or it cannot be processed by the Division).

5. **LOCATION INFORMATION:**

County: Ouray

PRINCIPAL MERIDAN (check one) ☐ 6<sup>th</sup> (Colorado) ☒ 10<sup>th</sup> (New Mexico) ☐ (Ute)

SECTION (write number): S 0

TOWNSHIP (write number and check direction) T <sup>0</sup> North ☐ South ☐  
 RANGE (write number and check direction) R <sup>0</sup> East ☐ West ☐  
 QUARTER SECTION (check one): ☐ NE ☐ NW ☐ SE ☐ SW  
 QUARTER/QUARTER SECTION (check one): ☐ NE ☐ NW ☐ SE ☐ SW

GENERAL DESCRIPTION: (the number of miles and direction to the nearest town and the approximate elevation):

6.0 miles southwest of Ouray elevation 10600 ft to 12200 ft

NOTE: Supply longitude and latitude or UTM coordinates if lands have not been surveyed or as supplemental information to this NOI. GPS measurements will be acceptable for this purpose: \_\_\_\_\_

USGS Map has no sections shown. Latitude 37 deg 58 min 25 sec. Longitude 107 deg 45 min 00 sec

6. **LAND OWNERSHIP**

Private ☒ Public Domain (BLM) ☐ National Forest (USFS) ☐  
 State ☐ State Sovereign Lands ☐ Other (please describe): \_\_\_\_\_

**If prospecting is located on BLM or USFS land the remaining section must be completed, otherwise go to Section II, Maps & Drawings**

7. **PROSPECTING ON BUREAU OF LAND MANAGEMENT (BLM) LAND AND U.S. FOREST SERVICE (USFS) LAND**

The Division and the BLM/USFS have entered into cooperative agreements that eliminate the need for a prospector to post a financial warranty with each agency and allow them to coordinate the review of the NOI in order to minimize administrative processing time and effort.

A. **CLAIMANT:**

Name: DNA

Address: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Telephone: \_\_\_\_\_

Fax Number: \_\_\_\_\_

B. **SITE/CLAIM INFORMATION:**

List names, serial numbers, and provide legal description to nearest quarter-quarter section of all sites or claims (attach additional page, if necessary).

NAME                      SERIAL NUMBER                      LEGAL DESCRIPTION

All sites are on private surface and minerals controlled by the applicant.

\_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

C. **LOCATION MAP:** Attach a USGS 7.5 minute quad, or similar map of adequate scale, which locates the prospecting site(s).

D. Are prospect sites (e.g., drill holes, trench locations, etc...) staked on the ground? Yes ☒ No ☐

E. Specify the Land Management Agency, Address and Telephone Number:

---

---

---

F. The prospector is required to document that the NOI has been sent to the BLM or the USFS. Processing of the NOI will not begin until the prospector has submitted evidence acceptable to the Division that the NOI was sent to the BLM or USFS. Check one:

- ☐ Evidence of notification is attached to this NOI for BLM Land  
☐ Evidence of notification is attached to this NOI for USFS Land.  
☐ Other proof of notice is attached to this NOI

## II. MAPS & DRAWINGS

Accurate topographic base map showing the location of the proposed project must be submitted with this notice. The prospector may submit a U.S.G.S. 7.5 minute quadrangle, or similar map of adequate scale that:

- Identifies the proposed prospecting site(s) or activity areas involving surface disturbance. Activity areas include all drill holes, mud pits, excavations, trenches, adits, shafts, tunnels, rock dumps, stockpiles, impoundments and prospecting roads, and
- Includes sufficient detail to identify and locate known prospecting features and facilities that may be affected and those that are not anticipated to be affected. This includes the location of all drill holes, mud pits, excavations, trenches, adits, shafts, tunnels, rock dumps, stockpiles, impoundments and prospecting roads. Color photographs, adequately labeled (including date, orientation and location), of the prospecting site may be used to fulfill this requirement if included with the NOI submittal.

## III. PROJECT DESCRIPTION

- Mineral(s) and/or Resource(s) being Investigated:** gold, silver, lead, zinc, copper
- Estimated dates of commencement and completion:**  
 Commencement: 03/12/2015  
 Completion: 09/12/2018
- Amount of material to be extracted, moved or proposed to be moved:** 850 cy grading w/topsoil
- Identify the type or method of prospecting proposed and quantity (place an "X")**

<input type="checkbox"/> Cuts	<input type="checkbox"/> Pits	<input type="checkbox"/> Trenches	<input type="checkbox"/> Declines
<input type="checkbox"/> Shafts	<input type="checkbox"/> Tunnels	<input type="checkbox"/> Adits	
<input type="checkbox"/> Air Drilling	<input checked="" type="checkbox"/> Fluid Drilling	<input type="checkbox"/> Drilling & Blasting	

5. Describe proposed surface excavation or other land disturbance, including roads, pits, trenches, waste piles, drill pads and collar areas of underground workings, ponds, etc...

This NOI is actually a replacement NOI for 2 NOI's that currently exist in the area. The first is P-2011-030 and the second is P-2013-006. No new exploration work of any kind will be performed for this new NOI. It will cover remaining disturbance that must be reclaimed from the 2 previous NOI's. The disturbance described below is this existing remaining disturbance.

6. **Proposed Disturbance** (approximate) Describe the proposed drilling to be conducted, including anticipated number of holes, diameter, depth, location, etc... Submit additional pages if necessary:

A. Drill Pads: Quantity 4.00 Average Width \_\_\_\_\_ (ft) Average Length \_\_\_\_\_ (ft)

B. Drill Holes: Quantity 0.00 Depth \_\_\_\_\_ (ft) Diameter \_\_\_\_\_ (in)

C. Mud Pits: Quantity \_\_\_\_\_ Average Width \_\_\_\_\_ (ft) Average Length \_\_\_\_\_ (ft)

Average Depth \_\_\_\_\_ (ft)

Describe proposed underground work, including reopening of old workings, advancement of adits or shafts, trenches, pits, cuts, rock dumps, or other types of disturbance, describe type, quantity and general dimensions:

None

- D. Other Disturbances (please describe):

Plywood stack that remains at one location in Governor Basin. See Map 2.

- E. Indicate Chemicals and Fuels used or stored on site. List type, quantity and method to store.

None

F. New Road(s): Length 0.00 (ft) Width 0.00 (ft)  
Significantly Upgraded Road(s) Length 0.00 (ft) Width 0.00 (ft)

Are culverts or other crossings proposed? If so, please describe: \_\_\_\_\_

None

G. Total project area to be disturbed 0.20 (acres)

H. Describe the equipment to be used for the prospecting operations:

None. No new prospecting will be done.

---

---

---

---

I. Describe and locate any structures to be constructed (i.e. stockpiles, ponds, impoundments):

None

---

---

---

---

J. Describe anticipated relationship to surface water and groundwater (proximity to streams, penetration of ground water aquifers):

The two reclamation drill sites remaining are near a minor surface drainage but when reclaimed, they will resemble the pre-disturbed condition. There is no known groundwater near the 4 pads.

---

---

---

#### **IV. OPERATION AND RECLAMATION MEASURES:**

1. The Board suggests that a photographic record of the pre-prospecting and post-prospecting conditions be kept by the prospector. These photos should be taken from the same location and by the same method to clearly show the pre-prospecting condition of the land and the reclamation efforts. Upon completion of reclamation and request for bond or surety release, the Board may consider the photos as evidence of adequate reclamation, and thus, be able to act more quickly on the request for release.
2. Provide a description of the native vegetation of the area to be disturbed, including tree, shrub, and grass communities of the area. Color photographs, sufficient to adequately represent the ecology of the site and adequately labeled (including date, orientation and location), may be used in lieu of a written description. Based on the quality of the photographs, the Division may require additional detail.

Vegetation of the area consists of high alpine vegetation, however, most of the disturbed area was pre-disturbed and yet will be reclaimed as part of this NOI.

---

---

---

---

3. Describe the estimated topsoil depth and how topsoil will be salvaged, stockpiled and redistributed for the re-establishment of vegetation. Specify approximate topsoil redistribution depth:

Much of the 4 drill sites (0.2 acres) are pre-disturbed and had rock outcrops with little soil. The soil for reclamation will be obtained from the area around the pads, some of which was part rock and part soil. The estimated replacement topsoil depth is 3 inches.

4. Describe how drill holes will be plugged (refer to Rule 5.4 of the Rules for required abandonment procedures):

No drill holes remain to be plugged. No new holes will be drilled for this NOI.

5. Describe how portals, adits, shafts, ponds, excavations, or other disturbances will be reclaimed (refer to Rule 3 and Rule 5 for specific reclamation performance standards). You may wish to contact the Division for closure specifications.

None.

6. Describe how roads will be reclaimed or returned to their pre-prospecting (or better) condition:

All roads are pre-existing roads and will be left in the same condition as they were prior to the 2011 and the 2013 NOI's. This has already been done. No new work on roads is contemplated and no roads will be extended or created as part of this NOI. The grading work on one road cut is incorporated into the 850 cy of grading work already discussed.

7. List the seed mixture to be used in the re-establishment of vegetation. See the attached seed mixture calculation to obtain PLS/acre. For assistance with formulating seed mixtures and rates, contact the local NRCS if on private land, BLM/USFS if on public land or State Land Board if on state land.

A. Provide plant name and seeding rate

Plant Name	Seeding Rate (PLS/acre)
Alpine Bluegrass	4.00
Timothy Alpine Native	1.00

B. Describe the method for seed bed preparation, and application method for grass/forb seeding:

---

**Broadcast Seeding**

---

---

---

---

---

---

**V. TERMS AND CONDITIONS FOR PROSPECTING OPERATIONS:**

1. Reclamation measures shall be fulfilled in a timely manner and completed within five (5) years of completion of prospecting activities.
2. The prospecting operations described in this Notice will be conducted in such a manner as to minimize surface disturbances. In addition to the measures required in Rule 5, precautions to be taken include:
  - A. Confinement of operations to areas near existing roads or trails, where practicable. Existing roads which are to remain as permanent roads after prospecting activities are completed shall be left in a condition equal to or better than the pre-prospecting condition;
  - B. Drilling shall be conducted in such a way as to prevent cuttings and fluids from directly entering any dry or flowing stream channel. Drill cuttings must be spread to a depth no greater than one-half (1/2) inch or buried in an approved disposal pit;

- C. Proper and timely abandonment of drill holes upon completion of drilling;
  - D. Reclamation of affected lands upon completion of operations or phases of an operation;;
  - E. Backfilling and revegetating any pits to blend in with the surrounding land surface;
  - F. Safeguarding mine entries, trenches and excavations from unauthorized entry at all times;
  - G. Disposal of any trash, scrap metal, wood, machinery, and buildings;
  - H. Control of noxious weeds within the area affected by the prospector
- 3. The prospecting operations shall be conducted in such a manner as to comply with all applicable local, state and federal laws and regulations including applicable state and federal air and water quality laws and regulations.
  - 4. The prospecting operations shall be conducted so as to minimize adverse effects upon wildlife to include covering of open drill holes until properly plugged.
  - 5. During the prospecting operations, the operator will perform the necessary stabilization and reclamation work to ensure those areas affected by prospecting activities are erosionally and geotechnically stable.
  - 6. All prospecting operations shall be in compliance with the Colorado Mined Land Reclamation Act, as amended (34-32-101 et seq. C.R.S.), and all rules and regulations currently in effect or promulgated pursuant thereto. See 2 CCR 407-1, Mined Land Reclamation Board Hardrock /Metal Mining Rules.

## **VI. ADDITIONAL TERMS AND CONDITIONS FOR PROSPECTING ON BLM/USFS LANDS**

- 1. The prospector will supply a copy of this NOI to the appropriate BLM and/or USFS office.
- 2. The prospector authorizes the MLRB to discuss the information in this Notice of Intent with the BLM and/or USFS.
- 3. If on BLM land, the prospector will complete reclamation to the standards described in 43 CFR 3809.1-3 (d) and implement reasonable measures to prevent unnecessary or undue degradation of lands during operations.

## **VII. FINANCIAL WARRANTY**

A financial warranty must be provided for the cost of reclamation of the disturbance described in this Notice. The prospector can either file a "One Site Prospecting Financial Warranty" or a "Statewide Financial Warranty." **The financial warranty must be submitted and approved by the Division prior to entry upon lands for the purpose of prospecting.**

An One-Site Prospecting Financial Warranty is usually filed by individuals or companies where prospecting activities are limited to a single area. It must be filed in the amount of \$2,000 per acre for land to be disturbed, or such other amount as determined by the Division, based on the projected costs of reclamation. A Statewide Financial Warranty is usually filed by companies with multiple prospecting sites. It must be filed in an amount equal to the estimated cost of reclamation per acre of affected land for all anticipated sites statewide. (You may increase the Statewide bond at any time in order to cover additional or expanded prospecting activities.)

**VIII. SIGNATURE REQUIREMENT**

Please place your initials on the line provided:

I hereby verify that the foregoing information is true and accurate and commit to the reclamation of the aforementioned prospecting site as required by the Colorado Mined Reclamation Act and the rules as specified in the Hard Rock/Metal Mining Rules and Regulations and this NOI form.

N/A

I have enclosed the required permit fee.

I authorize the Division to contact and copy the BLM and/or USFS on any correspondence related to the prospecting operation, if the prospecting operation is located on federal public land.

I have also enclosed the appropriate reclamation surety amount or will post an amount as determined by the office, based on the projected costs of reclamation. - will be sent separately.

I understand that I am not authorized to create any surface disturbance until the surety amount is posted and approved in writing from the Division of Reclamation, Mining and Safety.

I accept and agree to comply with the foregoing terms and conditions and with all of the provisions of Rules 3 and 5, and C.R.S. 34-32-101.

I hereby certify that concurrent with submittal of this NOI to the Division, I have sent notice to the Boards of County Commissioners in the Counties where the proposed activities will occur. This notice also indicated that non-confidential information regarding the proposed activities will be available for review at the Division's website.

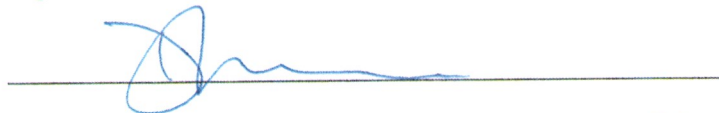

*This form has been approved by the Mined Land Reclamation Board pursuant to section 34-32-113, C.R.S., of the Mined Land Reclamation Act. Any alteration or modification of this form shall result in voiding any NOI issued on the altered or modified form and subject the operator to cease and desist orders and civil penalties for operating without a NOI pursuant to section 34-32-123, C.R.S.*

I, the undersigned, being the NOI holder or the person authorized to sign on behalf of the NOI holder, declare that the information given in this NOI form is true and correct.

**SIGNATURES MUST BE IN BLUE INK**

Signed and dated this 29 day of January, 2015.

Signature of NOI holder or person authorized to sign:

Name (typed or print) Dianna Stasnikoff

All sites are on private surface and minerals controlled by the applicant.

\_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_  
 \_\_\_\_\_

I. **LOCATION MAP:** Attach a USGS 7.5 minute quad, or similar map of adequate scale, which locates the prospecting site(s).

J. Are prospect sites (e.g., drill holes, trench locations, etc...) staked on the ground? Yes ☒ No ☐

K. Specify the Land Management Agency, Address and Telephone Number:

---

---

---

L. The prospector is required to document that the NOI has been sent to the BLM or the USFS. Processing of the NOI will not begin until the prospector has submitted evidence acceptable to the Division that the NOI was sent to the BLM or USFS. Check one:

- ☐ Evidence of notification is attached to this NOI for BLM Land  
☐ Evidence of notification is attached to this NOI for USFS Land.  
☐ Other proof of notice is attached to this NOI

## II. MAPS & DRAWINGS

Accurate topographic base map showing the location of the proposed project must be submitted with this notice. The prospector may submit a U.S.G.S. 7.5 minute quadrangle, or similar map of adequate scale that:

3. identifies the proposed prospecting site(s) or activity areas involving surface disturbance. Activity areas include all drill holes, mud pits, excavations, trenches, adits, shafts, tunnels, rock dumps, stockpiles, impoundments and prospecting roads, and
4. includes sufficient detail to identify and locate known prospecting features and facilities that may be affected and those that are not anticipated to be affected. This includes the location of all drill holes, mud pits, excavations, trenches, adits, shafts, tunnels, rock dumps, stockpiles, impoundments and prospecting roads. Color photographs, adequately labeled (including date, orientation and location), of the prospecting site may be used to fulfill this requirement if included with the NOI submittal.

## III PROJECT DESCRIPTION

7. Mineral(s) and/or Resource(s) being Investigated: gold, silver, lead, zinc, copper

8. Estimated dates of commencement and completion:

Commencement: 03/12/2015,

Completion: 09/12/2018,

9. Amount of material to be extracted, moved or proposed to be moved: 850 cy grading w/topsoil

10. Identify the type or method of prospecting proposed and quantity (place an "X")

<input type="checkbox"/> Cuts	<input type="checkbox"/> Pits	<input type="checkbox"/> Trenches	<input type="checkbox"/> Declines
<input type="checkbox"/> Shafts	<input type="checkbox"/> Tunnels	<input type="checkbox"/> Adits	
<input type="checkbox"/> Air Drilling	<input checked="" type="checkbox"/> Fluid Drilling	<input type="checkbox"/> Drilling & Blasting	

11. Describe proposed surface excavation or other land disturbance, including roads, pits, trenches, waste piles, drill pads and collar areas of underground workings, ponds, etc...

This NOI is actually a replacement NOI for 2 NOI's that currently exist in the area. The first is P-2011-030 and the second is P-2013-006. No new exploration work of any kind will be performed for this new NOI. It will cover remaining disturbance that must be reclaimed from the 2 previous NOI's. The disturbance described below is this existing remaining disturbance.

12. **Proposed Disturbance** (approximate) Describe the proposed drilling to be conducted, including anticipated number of holes, diameter, depth, location, etc... Submit additional pages if necessary:

A. Drill Pads: Quantity 4.00 Average Width \_\_\_\_\_ (ft) Average Length \_\_\_\_\_ (ft)

B. Drill Holes: Quantity 0.00 Depth \_\_\_\_\_ (ft) Diameter \_\_\_\_\_ (in)

C. Mud Pits: Quantity \_\_\_\_\_ Average Width \_\_\_\_\_ (ft) Average Length \_\_\_\_\_ (ft)

Average Depth \_\_\_\_\_ (ft)

Described proposed underground work, including reopening of old workings, advancement of adits or shafts, trenches, pits, cuts, rock dumps, or other types of disturbance, describe type, quantity and general dimensions:

None

F. Other Disturbances (please describe):

Plywood stack that remains at one location in Governor Basin. See Map 2.

G. Indicate Chemicals and Fuels used or stored on site. List type, quantity and method to store.

None

F. New Road(s): Length 0.00 (ft) Width 0.00 (ft)  
Significantly Upgraded Road(s) Length 0.00 (ft) Width 0.00 (ft)

Are culverts or other crossings proposed? If so, please describe: \_\_\_\_\_

None

G. Total project area to be disturbed 0.20 (acres)

K. Describe the equipment to be used for the prospecting operations:

None. No new prospecting will be done.

L. Describe and locate any structures to be constructed (i.e. stockpiles, ponds, impoundments):

None

M. Describe anticipated relationship to surface water and groundwater (proximity to streams, penetration of ground water aquifers):

The two reclamation drill sites remaining are near a minor surface drainage but when reclaimed, they will resemble the pre-disturbed condition. There is no known groundwater near the 4 pads.

#### **IV. OPERATION AND RECLAMATION MEASURES:**

1. The Board suggests that a photographic record of the pre-prospecting and post-prospecting conditions be kept by the prospector. These photos should be taken from the same location and by the same method to clearly show the pre-prospecting condition of the land and the reclamation efforts. Upon completion of reclamation and request for bond or surety release, the Board may consider the photos as evidence of adequate reclamation, and thus, be able to act more quickly on the request for release.
2. Provide a description of the native vegetation of the area to be disturbed, including tree, shrub, and grass communities of the area. Color photographs, sufficient to adequately represent the ecology of the site and adequately labeled (including date, orientation and location), may be used in lieu of a written description. Based on the quality of the photographs, the Division may require additional detail.

Vegetation of the area consists of high alpine vegetation, however, most of the disturbed area was pre-disturbed and yet will be reclaimed as part of this NOI.

8. Describe the estimated topsoil depth and how topsoil will be salvaged, stockpiled and redistributed for the re-establishment of vegetation. Specify approximate topsoil redistribution depth:

Much of the 4 drill sites (0.2 acres) are pre-disturbed and had rock outcrops with little soil. The soil for reclamation will be obtained from the area around the pads, some of which was part rock and part soil. The estimated replacement topsoil depth is 3 inches.

9. Describe how drill holes will be plugged (refer to Rule 5.4 of the Rules for required abandonment procedures):

No drill holes remain to be plugged. No new holes will be drilled for this NOI.

10. Describe how portals, adits, shafts, ponds, excavations, or other disturbances will be reclaimed (refer to Rule 3 and Rule 5 for specific reclamation performance standards). You may wish to contact the Division for closure specifications.

None.

11. Describe how roads will be reclaimed or returned to their pre-prospecting (or better) condition:

~~All roads are pre-existing roads and will be left in the same condition as they were prior to the 2011 and the 2013 NOI's.~~ This has already been done. No new work on roads is contemplated and no roads will be extended or created as part of this NOI. The grading work on one road cut is incorporated into the 850 cy of grading work already discussed.

12. List the seed mixture to be used in the re-establishment of vegetation. See the attached seed mixture calculation to obtain PLS/acre. For assistance with formulating seed mixtures and rates, contact the local NRCS if on private land, BLM/USFS if on public land or State Land Board if on state land.

A. Provide plant name and seeding rate

Plant Name	Seeding Rate (PLS/acre)
Alpine Bluegrass	4.00
Timothy Alpine Native	1.00

B. Describe the method for seed bed preparation, and application method for grass/forb seeding:

Broadcast Seeding

**V. TERMS AND CONDITIONS FOR PROSPECTING OPERATIONS:**

3. Reclamation measures shall be fulfilled in a timely manner and completed within five (5) years of completion of prospecting activities.
4. The prospecting operations described in this Notice will be conducted in such a manner as to minimize surface disturbances. In addition to the measures required in Rule 5, precautions to be taken include:
  - A. Confinement of operations to areas near existing roads or trails, where practicable. Existing roads which are to remain as permanent roads after prospecting activities are completed shall be left in a condition equal to or better than the pre-prospecting condition;
  - B. Drilling shall be conducted in such a way as to prevent cuttings and fluids from directly entering any dry or flowing stream channel. Drill cuttings must be spread to a depth no greater than one-half (1/2) inch or buried in an approved disposal pit;

- C. Proper and timely abandonment of drill holes upon completion of drilling;
  - D. Reclamation of affected lands upon completion of operations or phases of an operation;;
  - E. Backfilling and revegetating any pits to blend in with the surrounding land surface;
  - F. Safeguarding mine entries, trenches and excavations from unauthorized entry at all times;
  - G. Disposal of any trash, scrap metal, wood, machinery, and buildings;
  - H. Control of noxious weeds within the area affected by the prospector
- 3. The prospecting operations shall be conducted in such a manner as to comply with all applicable local, state and federal laws and regulations including applicable state and federal air and water quality laws and regulations.
  - 4. The prospecting operations shall be conducted so as to minimize adverse effects upon wildlife to include covering of open drill holes until properly plugged.
  - 5. During the prospecting operations, the operator will perform the necessary stabilization and reclamation work to ensure those areas affected by prospecting activities are erosionally and geotechnically stable.
  - 6. All prospecting operations shall be in compliance with the Colorado Mined Land Reclamation Act, as amended (34-32-101 et seq. C.R.S.), and all rules and regulations currently in effect or promulgated pursuant thereto. See 2 CCR 407-1, Mined Land Reclamation Board Hardrock /Metal Mining Rules.

## **VI. ADDITIONAL TERMS AND CONDITIONS FOR PROSPECTING ON BLM/USFS LANDS**

- 4. The prospector will supply a copy of this NOI to the appropriate BLM and/or USFS office.
- 5. The prospector authorizes the MLRB to discuss the information in this Notice of Intent with the BLM and/or USFS.
- 6. If on BLM land, the prospector will complete reclamation to the standards described in 43 CFR 3809.1-3 (d) and implement reasonable measures to prevent unnecessary or undue degradation of lands during operations.

## **VII. FINANCIAL WARRANTY**

A financial warranty must be provided for the cost of reclamation of the disturbance described in this Notice. The prospector can either file a "One Site Prospecting Financial Warranty" or a "Statewide Financial Warranty." **The financial warranty must be submitted and approved by the Division prior to entry upon lands for the purpose of prospecting.**

An One-Site Prospecting Financial Warranty is usually filed by individuals or companies where prospecting activities are limited to a single area. It must be filed in the amount of \$2,000 per acre for land to be disturbed, or such other amount as determined by the Division, based on the projected costs of reclamation. A Statewide Financial Warranty is usually filed by companies with multiple prospecting sites. It must be filed in an amount equal to the estimated cost of reclamation per acre of affected land for all anticipated sites statewide. (You may increase the Statewide bond at any time in order to cover additional or expanded prospecting activities.)

**VIII. SIGNATURE REQUIREMENT**

Please place you initials on the line provided:

JS

I hereby verify that the foregoing information is true and accurate and commit to the reclamation of the aforementioned prospecting site as required by the Colorado Mined Reclamation Act and the rules as specified in the Hard Rock/Metal Mining Rules and Regulations and this NOI form.

N/A

I have enclosed the required permit fee.

JS

I authorize the Division to contact and copy the BLM and/or USFS on any correspondence related to the prospecting operation, if the prospecting operation is located on federal public land.

JS

I have also enclosed the appropriate reclamation surety amount or will post an amount as determined by the office, based on the projected costs of reclamation.

JS

I understand that I am not authorized to create any surface disturbance until the surety amount is posted and approved in writing from the Division of Reclamation, Mining and Safety.

JS

I accept and agree to comply with the foregoing terms and conditions and with all of the provisions of Rules 3 and 5, and C.R.S. 34-32-101.

JS

I herby certify that concurrent with submittal of this NOI to the Division, I have sent notice to the Boards of County Commissioners in the Counties where the proposed activities will occur. This notice also indicated that non-confidential information regarding the proposed activities will be available for review at the Division's website.

*This form has been approved by the Mined Land Reclamation Board pursuant to section 34-32-113, C.R.S., of the Mined Land Reclamation Act. Any alteration or modification of this form shall result in voiding any NOI issued on the altered or modified form and subject the operator to cease and desist orders and civil penalties for operating without a NOI pursuant to section 34-32-123, C.R.S.*

I, the undersigned, being the NOI holder or the person authorized to sign on behalf of the NOI holder, declare that the information given in this NOI form is true and correct.

**SIGNATURES MUST BE IN BLUE INK**

Signed and dated this 29 day of January, 2015.

Signature of NOI holder or person authorized to sign:

**RE: New Maps for 2015 NOI for Revenue Mine**

Dear Bob:

The attached Maps should accompany the new 2015 NOI application submitted by Dianna Stoopnikoff last week for the Revenue Mine. As we have all discussed, this NOI does not contemplate any new disturbance. It is simply a combination of the remaining items to be reclaimed from the 2011 NOI and the 2013 NOI for the Mine. The bond estimate that was previously calculated for the new NOI is accepted and proposed for this NOI. It is expected that the bonds for the two older NOI's will be released when the new NOI has been approved.

Call me if you have any questions. Thanks.

Sincerely,

Greg Lewicki, Project Engineer  
Greg Lewicki and Associates

**After printing this label**

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

**Warning:** Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account.

Use of this label is your agreement to the service conditions in the current FedEx Service Guide, available on [fedex.com](http://fedex.com). FedEx will not be responsible for any claim in excess of \$100 per package for loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, and damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented value. If the declared value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits.
