Re: Bowie No. 2 Mine (Permit No. C-1996-083)
Revision: TR-98
Borrow Areas for Final Reclamation Gob Pile, #2 footprint.

Dear Sir or Madam:

The Division of Reclamation, Mining and Safety has received an application for the above referenced permitting action for the Bowie No. 2 Mine. The application was deemed complete on February 9, 2015.

Technical Revision No. 98 proposes to incorporate three borrow areas in proximity to gob pile #2 that will be utilized during reclamation of gob pile #2. This revision proposes to increase the footprint and storage capacity of gob pile #2 and revises the hydrology associated with Ponds D & F. The applicant is proposing additional surface disturbance outside of the area currently approved for disturbance.

Permit Revision (PR), Permit Renewal (RN), or Technical Revision (TR) application materials are available for review at the Paonia Public Library, 2 3rd Street, Paonia, CO 81428. Minor Revision (MR) and Surety Release (SL) application materials are available for review at the Division's Denver office.
