Re: Extension for submitted Technical Revisions

Amy:

I would like to formally request an extension of time regarding the Technical Revisions that I submitted to DRMS on 02/24/2015 until next Friday, 04/03/2015 so that the Division will have more time to review them. The Technical Revisions were for the following gravel pits: M-1978-072 (Brent Pit), M-2000-066 (Raymond Enderson Pit), M-1979-111 (Endersen Pit), M-1999-043 (C&D Farms Pit #2), and M-1984-185 (Ellis Allen Pit). The decisions on these pits are not an urgent matter to the County, and we deeply appreciate the assistance and guidance that DRMS staff has given us in "making things right". Should DRMS need additional time for review, please consider this letter an endorsement to do so.

Thank you for your considerations.

Sincerely yours,

John DeWitt
