**Re: Simla Highway Pit, Permit No. M-1995-095
Acreage Reduction Approval, AR-1**

Dear Mr. Schuler:

On April 13, 2015, the Colorado Division of Reclamation, Mining and Safety (Division) approved your request for release of a portion of the permit area from further reclamation responsibility.

The permit area was reduced to 8.72 acres, through the release of 1.18 acres in this permit action. Because the permit is not totally released, you are still liable for filing annual reports and fees.

The Division will revisit the bond to adjust the reclamation liability considering this release and the pond area which does not require grading or seeding and is estimated to be approximately 1.13 acres. You will be notified under separate cover of the revised bond amount.

If you have any questions, you may contact me at (303)866-8567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
