**Re: Table Mountain Quarry, Permit No. M-1999-004
Technical Revision Approval, Revision No. TR-1**

Dear Mr. DiLuzio:

On April 16, 2015 the Division of Reclamation, Mining and Safety approved the Technical Revision application submitted to the Division on April 9, 2015, addressing the following:

Update and clarify the current approved reclamation plan to reflect the existing quonset hut structure.

The terms of the Technical Revision No. 1 approved by the Division are hereby incorporated into Permit No. M-1999-004. All other conditions and requirements of Permit No. M-1999-004 remain in full force and effect.

The bond calculated for the quonset hut demolition is \$17,690. Given the current approximate 34.5-acre disturbance, the remaining available bond is \$5,365/acre, and is deemed adequate. No additional bond is required at this time.

If you have any questions, you may contact me at (303)866-8567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
